Profile

As a full-stack web developer with a background in Japanese and English, I am excited to join a team that will help me grow as a developer and allow me to leverage my skills to help our projects reach their fullest potential.

With a goal on every project of 112% completion--each individual component not just functioning, but providing a seamless, enjoyable, bug-free user experience—I have consistently demonstrated an attention to detail and a willingness to work on a problem until a solution is reached.
